REFERENCE

Hervé Dubrit

IT Manager
h.dubrit@pro-geneve.ch

PROFILE

Full Stack developer and website manager with over 5 years of experience in the design, development and maintenance of web platforms. Strong expertise in CMS (WordPress, Joomla, Drupal, Strapi), Front-end and PHP development, AI-assisted Python automation and user experience improvement. Used to working in a team, managing digital projects and proposing digital solutions tailored to client needs.

EXPERIENCE

Webmaster – Developer

2023 – Present

Antenne Etang Geneva, Switzerland

- Design and development of the website on WordPress.
- Management and regular updating of 100+ content items (pages, images, media), keeping information permanently up to date.
- Development of custom administration tools and management of user access rights.
- Mobile, responsive and SEO optimisation: PageSpeed score > 90, reduced page weight and loading times.

Web Developer – Internship

March – June 2026

Yann and Co Sàrl Geneva, Switzerland

- Design and development of WordPress sites from UI/UX mock-ups: bateaulavoir.ch, misuji.ch (full redesign), artresonance.ch, Epi-Musique.
- Development of custom WordPress plugins: a restaurant menu with a dedicated administration interface, and order printing to an HP receipt printer.
- Design and development, on my own initiative, of a fully manageable website on Strapi (headless CMS).
- Functional testing and quality assurance (QA) for the Arab Bank website, logging and tracking defects.
- Maintenance, updates and deployment of client projects; migrations and supporting the team on FileZilla / FTP.

Web Developer

2021 – 2022

REVOLUTION FOOD Geneva, Switzerland

- Full development of the website with WordPress.
- UX optimisation, increasing online orders by 20%.
- Responsive adaptation and accessibility improvement.
- Technical watch and code validation (security, browsers, servers).

Digital Content Manager

2016 – 2017

Dev Training Academy Jordan

- Social media and digital campaign management, increasing reach by 50%.
- Graphic design of advertising campaigns, +20% clicks.
- Development of the website with Joomla.
- Client communication and proposal of digital solutions for 20+ clients.

Quality Assurance, then Project Manager

2013 – 2016

Qudoraat IT Jordan

- Coordination of a technical and multimedia team of 5 people.
- Project planning, budget and deadline management, progress tracking and technical maintenance of the websites.
- Management of professional e-mail accounts (Google Workspace, Microsoft 365).

Software and Network Manager

2008 – 2012

Funtastico Group Syria

- Management and maintenance of an IT estate of 76 workstations.
- Organisation of video game events and tournaments.
